

Company Policy Supply Chain

Austrak is committed to achieving the best value for money for our clients, meeting their requirements and performing to expectations. Our Supply Chain plays a key role in this commitment and their positive engagement with Austrak helps them to meet both Austrak and their own business objectives.

Through efficient procurement processes, fair competition, transparent and fair payment terms, and collaborative working relationships, we seek to deliver with our Supply Chain, the highest quality for our clients, on time and on budget. This policy forms part of our global policy framework, underpinned by our Global Code of Conduct.

We expect our Supply Chain to join us in meeting the following standards of practice:

- Driving the primary importance of health and safety by communicating and emphasising our Health and Safety policy and culture
- Complying with applicable rules and legislation on wages and working hours including those regulating minimum wage, overtime and maximum hours
- Managing current and predicted workload to ensure that suitable competent resources are available as and when required
- Adding value and reducing cost through innovation, product development, process improvement and value engineering
- Identifying opportunities for local procurement of goods and services and the provision of apprenticeships and other employment opportunities to strengthen the local economy
- Strengthening our relationships and encouraging repeat business through
- Achieving alignment with our Code of Conduct, Environment, Sustainability, and Quality policies
- Complying with all current legislation & guidelines in respect of Anti Bribery & Corruption
